Number of Referees

Number of Referees = Referee plus 2 deputy referees for one playing hall of 16 tables or less. For each additional hall or if a playing hall has more than 16 tables then an additional deputy referee is necessary. These numbers may need to be increased for World Championships, especially for qualification days where local IRs or NRs may be used. For events with 4 or fewer tables and for final stages with only one table only 1 deputy referee is required.

If considered warranted 4 referees could be used for one hall of less than 16 tables, especially if the event lasts 4 days or longer.

Regulations for specific ITTF events may have different requirements and variations to the number of referees required shall be approved by ITTF URC.

Number of Umpires

All events are divided into different stages:

Qualification, Main Draw and Final Days (last two days of an event)

Each stage requires a different number of umpires. The number of umpires depends on the tables in use for each stage.

Umpires are only present for the stage for which they are selected.

Following minimum number of umpires are necessary:

World Title Competitions:

Qualification and Main draw (with more than 2 tables): Number of tables x 4 + 4

Main draw with 2 tables: Number of tables x 4

Final days with 1 table: 6

World Tour Events:

Qualification: Number of tables x 2 +2 – at least one umpire per table is required

Main draw: Number of tables x 4

Final days (1 table): 6

Other ITTF Sanctioned Events:

Qualification: Number of tables x 2 +2 – at least one umpire per table is required

Main draw: Number of tables x 4

Regulations for specific ITTF events may have different requirements and variations to the number of umpires required shall be approved by ITTF URC.
